5.1 The Customer shall:

- (a) provide Rotork with such information, support, materials and equipment set out in the Contract and any other information, support, materials and equipment Rotork may reasonably require in order to perform the Work;
- (b) ensure that there is an adequate power supply On-Site to test the Asset and/or Work at Hand-back (if applicable) or upon completion of the Work and ensure that the SCADA, PLC and/or DCS On-Site (if applicable) are fully operational when Rotork is to perform the Work;

- (e) provide Rotork, its employees, agents, consultants and subcontractors with safe, continuous access On-Site including but not limited to office accommodation and other facilities as reasonably required by Rotork.

5.2 If the performance by Rotork of any of its obligations under the Contract is prevented or delayed by any act or omission by the Customer or failure by the Customer to perform any relevant obligation, including but not limited to the obligations set out in clause 5.1 (the “**Customer Default**”):

- (a) Rotork shall, without limiting its other rights or remedies, have the right to suspend performance of the Work until the Customer remedies the Customer Default, and to rely on the Customer Default to relieve it from the performance of any of its obligations to the extent the Customer Default prevents or delays the performance by Rotork of any of its obligations;
- (b) Rotork shall not be liable for any costs or losses sustained or incurred by the Customer arising directly or indirectly from the failure or delay of Rotork to perform any of its obligations; and
- (c) subject to Rotork using commercially reasonable efforts to mitigate any costs or losses it sustains, the Customer shall reimburse Rotork on written demand for any costs or losses sustained or incurred by Rotork arising directly or indirectly from the Customer Default, which shall include but not be limited to reasonable charges for waiting (charged on a daily basis as set out in Rotork’s quotation) for the Customer Default to be remedied.

6. Prices and Payment

6.1 The price for the Work will be as set out in the Contract.

6.2 Rotork will be entitled to submit invoices for the Work on or after its performance, or if cancelled in accordance with clause 10.1, on or after the date of cancellation. All invoices must be paid in full by the Customer in cleared funds within 30 days of the date of the invoice. Payment will be made to the bank account nominated in writing by Rotork.

6.3 If the Customer fails to make any payment due to Rotork under the Contract by the due date for payment, then the Customer will pay interest (both before and after judgment) on the overdue amount at a rate of the lesser of (i) 4% per annum above the U.S. Federal Reserve’s federal funds rate from time to time and (ii) the highest per annum interest rate permitted by applicable law. Such interest will accrue on a daily basis from the due date until actual payment of the overdue amount. The Customer will pay the interest together with the overdue amount.

6.4 All payments made by the Customer under the Contract will be made without (and free and clear of any deduction for) set-off, counterclaim abatement or withholding.

6.5 The Customer will make all payments without any withholding for or on account of tax (“**Tax Withholding**”), unless law requires a Tax Withholding to be made. If a Tax Withholding is required by law to be made by the Customer:

- (b) the Customer will, if available, deliver to Rotork an official receipt or other evidence satisfactory to Rotork (acting reasonably) that the Tax Withholding has been made or, as applicable, any appropriate payment has been paid to the relevant taxing authority.

6.6 Unless expressly stated otherwise in the Contract, any amount payable by the Customer pursuant to the Contract is exclusive of any value added tax, use tax, goods or services tax, sales or turnover tax or any other tax of a similar nature. The Customer will, on receipt of a valid invoice from Rotork, pay to Rotork such additional amounts in respect of such taxes as are chargeable on the Work.

7. Warranty

7.1 Rotork warrants to the Customer that the Work will be performed with reasonable care and skill and that any Asset repaired or replaced during the performance of the Work will be free from defects in material and workmanship.

7.2 If Rotork breaches clause 7.1, then as the Customer’s sole remedy and Rotork’s sole liability for such a breach, Rotork will:

- (a) re-perform the relevant Work or, if it is not practicable to re-perform such Work, refund the Customer the amounts paid by the Customer in respect of such Work; and
- (b) repair or replace (at Rotork’s sole discretion), on a free of charge basis, any Asset damaged as a result of Rotork’s breach of clause 7.1.

7.3 The Customer’s remedy under clause 7.2 is conditional on the Customer notifying Rotork of the breach of clause 7.1 within the shorter of:

- (a) 12 months of the Work in breach being performed; or
- (b) 21 days of the date the Customer discovered, or should reasonably have discovered, the breach (the “**Warranty Period**”).

Failure to do so will invalidate the relevant warranty claim.

7.4 Rotork shall not be liable for the Works’ failure to comply with the warranty set out in clause 7.1 in any of the following events:

- (a) the failure arises because the Customer failed to follow Rotork’s oral or written instructions in respect of the Work and/or the Asset or (if there are none) good trade practice;
- (b) the failure arises as a result of Rotork following any drawing or design supplied by the Customer;
- (c) a Customer Default prevented Rotork from testing the Asset and/or Work at Hand-back (if applicable) or upon completion of the Work;

- (d) the Customer alters or repairs such Work or Asset (as applicable) without the written consent of Rotork; or
- (e) the failure arises as a result of fair wear and tear, willful damage, negligence, or abnormal storage or working conditions.

7.5 Where any Asset is replaced or repaired in accordance with clause 7.2, the unexpired balance of the Warranty Period applicable to that Asset as at the date of replacement or repair will apply to the replaced or repaired Asset.

7.6 When the Customer makes any warranty claim, Rotork will provide the Customer with a quotation for the Work and the Customer shall pay such a price unless Rotork determines that the claim made under the warranty is a valid claim in which case no price shall be payable by the Customer to Rotork for any Work covered under the warranty.

8. Limitation of Liability

8.1 In the event that Rotork is prevented from performing any obligation under this Contract because doing so would cause it to violate Trade Control Laws, Rotork shall have no liability to the Customer.

8.2 Subject to clause 8.4, Rotork's total liability (if any) to the Customer and the Customer's remedies in respect of:

- (a) claims for infringement of Third Party IPR will be limited to those remedies set out in clause 11;

8.3 Rotork assumes no collateral duty in tort or negligence to the Customer with respect of the performance of the Work.

8.4 Nothing in the Contract will limit or exclude a Party's liability for fraud (including fraudulent misrepresentation), death or personal injury or to the extent such limitation or exclusion is not permitted by law. To the extent any part of the Contract has such effect, the Parties agree to replace such part of the Contract with provisions modified to the extent necessary to ensure such exclusion or limitation is permissible by law, but no further.

8.5 **ROTORK WILL UNDER NO CIRCUMSTANCES BE LIABLE TO THE CUSTOMER, WHETHER IN CONTRACT, BREACH OF STATUTORY DUTY, BREACH OF WARRANTY, STRICT LIABILITY OR OTHERWISE, FOR ANY LOSS OF PROFIT, OR FOR ANY SPECIAL, INDIRECT, PUNITIVE OR CONSEQUENTIAL DAMAGE SUFFERED BY THE CUSTOMER THAT ARISES UNDER OR IN CONNECTION WITH THE CONTRACT.**

8.6 Neither Party will be liable if delayed in or prevented from performing its obligations under the Contract due to a Force Majeure Event, provided that the Party promptly notifies the other Party of the Force Majeure Event and its expected duration and uses commercially reasonable efforts to minimize the effects of the Force Majeure Event.

8.7 If any Information provided by the Customer to Rotork is either incorrect, incomplete or misleading and Rotork uses such Information, the Customer will:

- (a) waive any claims it has against Rotork (including under clause 7) for any losses the Customer incurs as a result of Rotork not performing its obligations correctly due, directly or indirectly, to the incorrect, incomplete or misleading information; and
- (b) indemnify Rotork in full against all losses, costs or liabilities Rotork incurs in connection with a Third Party claim Rotork receives, to the extent that Rotork would not have suffered such losses, expenses, costs or liabilities if the Information provided by the Customer had not been incorrect, incomplete or misleading.

8.8 The Customer will indemnify Rotork for all losses, costs or liabilities Rotork incurs in connection with any claim that Rotork receives from any Affiliate of the Customer in connection with the Contract.

9. Confidentiality

9.1 Subject to clause 9.2 to 9.3, each Party will hold in confidence any Information which it acquires directly or indirectly from the other Party and will protect such Information with a reasonable degree of care and at least the same degree of care used to protect its own Information and not use such Information other than for the purposes of performing or exercising its rights under the Contract it was provided under.

9.2 The provisions of clause 9.1 do not apply to Information which is:

- (a) already in the public domain;
- (b) subject to an obligation to disclose under law, or is required to be disclosed by any competent regulatory authority, by notice or otherwise, provided, however, that any Party required to produce Information to a legitimate legal authority shall take reasonable efforts to alert the disclosing party of such production prior to making it and shall limit such production to only such information that legal counsel indicates is clearly required to be produced;
- (c) received, without restriction, from a Third Party who is without an obligation of non-disclosure; or
- (d) already known by the receiving Party at the time of receipt not due to a breach of an obligation of non-disclosure.

- (c) a Force Majeure Event stops Rotork performing its obligations under the Contract for a continuous period of one month.

- 10.4 Without limiting its other rights and remedies, Rotork may suspend performance under the Contract or any other contract between the Customer and Rotork if the Customer fails (or Rotork reasonably believes the Customer is about to fail) to make a payment under the Contract by the due date. If Rotork has suspended performance and the circumstances entitling Rotork to suspend performance subsequently cease (and Rotork has not elected to terminate the Contract in accordance with its other rights and remedies), Rotork will resume performance but any time limits for such performance will be extended by the duration of the suspension.
- 10.5 Termination of the Contract, however arising, will not affect any of the Parties' rights, remedies, obligations and liabilities that have accrued as at termination.
- 10.6 The Customer's right to terminate or cancel the Contract as set out in this clause 10 represent its only rights to terminate the Contract except as may otherwise be required by law.
